

Workshop with Guru Dharam Singh Khalsa BACC RCHM | November 16 - 17 2024

Creative FORCE. Creative FLOW.

Course Description

Your creativity is your gift of expression which can be applied to all aspects of your life. From impulse to projection to expression this sacred force is for you to make your mark on the world and to connect with your destiny cycle. When expression encounters suppression it leads to depression - the real global pandemic. The true expression of your creativity requires two things: first the force and energy of the Warrior Within who embodies the state of No Mind. Second is Shunniya the Zero Field of the cosmic creative flow held at the heart of the true Artist. Yoga is an organic psycho spiritual matrix which synchronizes your inner and outer creative perception into one unified laser like projection. Come and participate in the journey of activation and manifestation of the sacred archetypes: the Warrior Within and the Inner Artist. All are welcome to the party. No previous experience necessary. All previous experience has value.
